

## Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It cures the inability to hold water and scalding pain in passing it, or bad effect following use of liquor, wine or beer; an overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Home of Swamp-Root, Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## A NOVEL CURE, THIS

NEW CURE HAS BEEN DISCOVERED FOR A SEVERE CASE OF HEADACHE.

## IT COMES FROM PARIS, OF COURSE

Are Some, However, Who May Think the Cure Worse Than the Disease, Hence Are Not Willing to Give It a Trial.

International News Service. Paris, Jan. 15.—A new cure has been discovered for the relief of a severe headache, according to a story told by a society lady living in the Champs Elysees.

She had been suffering all day from a severe headache and in the afternoon sought relief by a walk in the open air.

It was due probably to her intense suffering that she did not see a motor car in the Champs Elysees, or hear the horn blown frantically by the chauffeur. The car threw her down, and one of the wheels went over her legs.

The chauffeur and spectators thought she was killed, or at least seriously hurt, but the lady stood up, turned to the driver, and said, "Thank you; this has cured my headache."

She was really pleased and went away delighted at the cure, which, besides, had the merit of being very cheap.

## A "PEEPING TOM" HERE

Shot Was Taken at Him at a Home on Broadway.

(From Monday's Daily.) A "peeping Tom" put in his appearance on West Broadway late Saturday night and but for the inaccurate marksmanship of George Hoffman, the insurance adjuster, might now be lying in an undertaking establishment.

At 11 o'clock that night Mr. Hoffman was awakened by some one at a window leading to his apartments on West Broadway. He began investigating and saw a man on the outside trying to peep through the window.

Mr. Hoffman called to his wife to get the revolver, and after partially strapping himself started out of the front door. When he reached the porch he saw the individual.

"Halt!" George cried to the man, at the same time flourishing the weapon. "I mean it," George continued. Evidently the intruder thought George meant it, for he ran as fast as his legs would carry him.

When the intruder was some twenty yards away George fired the pistol at the man, but it acted merely as an incentive for his going faster, for as George reached the corner of the house to get a trail of the man the latter fell over the rear fence, and ran down the alley with lightning speed.

Bill Tattlow Says:

"Tain't allus the man who talks the loudest that gets the most applause."

## PEERS LOSE OUT

ELECTION IN ENGLAND SATURDAY LOOKS LIKE A LIBERAL MAJORITY.

## UNIONISTS GAIN BUT NOT ENOUGH

Special Cable From William T. Stead to the Effect That Supporters of the Budget Will Be Upheld.

BY WILLIAM T. STEAD.

Special Cable from the Hearst News Service.

London, Jan. 15.—The first day's pollings in the parliamentary elections, as had been expected, are decisive and the Liberal majority in the next parliament will be at least 200, maybe 270. As far as the results go, it is all over but the shouting.

There were 57 Liberal seats at stake this morning and 17 Conservatives. If the Conservatives were to wipe out the Liberal majority they ought to have won 23 Liberal seats and kept all their own. As it is, they have lost four seats and only won 16. If they cannot do better than this at the subsequent pollings they will be in the minority by 200 when the polls close. The significance of this disaster is only manifest when the result is examined in detail.

The Liberals held their own in the north, notably Lancashire, which is the backbone of the free trade majority. They have won seats in Darlington and Grimsby. They have lost a seat at Stalybridge, which usually voted Conservative. It is only in the Lancashire shire wherein the majority has not voted for the budget as against the peers. Two Liberal votes were thrown away by splitting a vote between the labor and Liberal candidates in Manchester.

The seat lost by Winston Churchill on the bye election was recaptured. Every constituency in Manchester and Salford cast a heavy majority against tariff reform. The unionist success is confined to the Birmingham district and the small boroughs in the south of England, where the influence of the saloon keepers is strong. There is only one exception, that of the Devonport naval dock yards, where the Liberals lost two seats.

## NOW FOR A BATTLE

A NATIONAL LEAGUE FORMED LAST NIGHT TO FIGHT FOOD TRUSTS.

## THE PLAN IS A WINNING ONE

When Prices of Any Food Go Too High Members of Organization Will Quit Using It Until It Is Lowered.

## Hearst News Service.

Washington, Jan. 15.—A National Food Trust league was organized here tonight by more than 250 residents in a protest against the exorbitant prices charged for the necessities of life. Dr. Emil Scharf is president and John Milton secretary of the league.

It is proposed to gather a million subscribers to the league from every state and territory of the Union. There will be no dues and no tax levied on the masses to sustain the organization.

It is the purpose of the league to institute national boycotts against all food trusts that raise the price of food products beyond the point of reasonable profit to the dealer. The organization has determined upon no particular product upon which to begin its fight.

State organizations, subsidiary to the national league, with state directors, are to be organized, and the national boycott will begin in every state on the same day and hour.

Subscribers to the league will stop using the food article under the league's ban because of the high price on the day selected, and will continue the boycott until the league calls it off, which will be when the prices fall to a reasonable level.

## MAIL CLERK FORTY YEARS

Harrington to Quit Road on Seventy-Ninth Birthday.

St. Joseph, Mo., Jan. 17.—After forty years in the railway mail service, J. D. Harrington, said to be the oldest man in the service, is awaiting his 79th birthday on February 8, to resign. He has already announced his intention to retire.

Harrington began work in the early days of the building of the Santa Fe. He saw service when the line was first extended westward to Topeka, following it to Dodge City, La Junta, Colo., Albuquerque, N. M., and other places west. He remained on long runs until the last year, when he was given the run between Lawrence and Leavenworth on the Union Pacific, on which the work is comparatively light. However, he is able to handle his present duties well.

## SOCIALISM BOOMS

A CABLEGRAM SAYS IT IS CAUSING THE GREATEST FEAR IN ENGLAND.

## SCHOOL IS OPENED TO OPPOSE IT

Great Anti-Socialist Campaign Being Conducted Throughout the Country—Raising a Fund of \$250,000.00.

## International News Service.

London, Jan. 15.—Socialism in England has gained much headway of late, causing the gravest fears to those opposed to its policy.

As a result of these fears, an anti-socialist school has been formed under the name of the "Anti-Socialist Union of Great Britain," where the would be anti-socialist orator is fully trained for his work.

Recently the final examination of students was held at the school, and the successful competitors were awarded prizes, the distribution of which took place at the Whitehall rooms.

The Union is at present conducting a great anti-socialist campaign throughout the country, and is also raising a \$250,000 fund with the object of training and sending working men to parliament.

## THE CONFEDERATE HOME

Capt. George W. Turnell Tells of Conditions There.

G. W. Turnell, commissary of the Confederate Home at Higginsville, is in the city visiting his daughters, Mrs. Edith Cordry and Mrs. Annie Williams, of 1211 East Third street. He reports the home in good condition and everything moving along nicely under its present management. The board of managers are: J. D. Ingram, of Nevada, president; J. P. Bradley, of Linneus, vice president; J. A. Woods, of Fayette, secretary; J. F. Murdock, of Platte City, treasurer; J. P. Woodside, of Alton.

Capt. James R. Walton, of Nevada, is the efficient superintendent, and his estimable wife is matron. Judge R. H. Benton, of Higginsville, is assistant superintendent, and W. C. Webb, of Higginsville, is surgeon.

These officers are earnest and faithful workers for the betterment of the home and for the welfare of those under their care, and it could not be in better hands.

The home is now in a crowded condition, and many are applying for admission and cannot be received until more room is made for them.

The foundation for a large brick building has been finished, and work will be commenced as soon as the weather permits. The home is now in a cleanly and sanitary condition, and Supt. Walton will see that it is kept up to that standard.

## AN INTERESTING GAME

That Between Sedalia and Windsor High Schools Saturday.

(From Sunday's Daily.) The basket ball game yesterday afternoon between the Sedalia High school team and the Windsor team was very well attended. As anticipated in the Democrat-Sentinel, it was an intensely interesting game from start to finish. Both sides did excellent playing throughout, but during the second half Sedalia fell a victim to some close decisions by the referee. When the final whistle blew the score stood 24 to 16 in favor of Windsor. Vern McNeil took the place of Frank Zoll in the latter half. The lineup follows:

Sedalia	Windsor	
Norton	c	Lovelace
Zoll, McNeil	r f	Saunders
Keeling	l f	Stone
Bowers	r g	Mahaney
Carroll	l g	Crissy

Umpire, Prof. Hoover, of the Sedalia High school faculty.

Referee, Prof. Croche, principal of Windsor High school.

## Aurora After Hospital.

Aurora, Mo., Jan. 15.—A number of physicians and business men in Aurora are making plans to have a hospital built here in the near future. Dr. A. H. Madry is chairman of the committee agitating the matter. In speaking of the matter he said, "Bad weather, the holiday rush and

other matters have delayed us in getting to work on the hospital proposition, but we expect to be hard at it soon. The people are ready and anxious for such an institution, and I am confident that they will give us good support. I hope to get things started at once."

## Mr. Knapp's Mother Dead.

Mrs. B. H. Knapp, wife of the chief dispatcher for the Missouri Pacific, received a telegram today from her husband, stating that his mother had died at Hudson, Mich., last midnight. Funeral and burial services will be held there. Mr. Knapp has been with his mother since Wednesday.

## AIRSHIPS FOR WAR

FRANCE SAYS IT IS A SERIOUS MISTAKE TO LET GERMANY TAKE THE LEAD.

## IT MAY MEAN MUCH IN THE FUTURE

The Ability and Cleverness of the Teutons in Handling Aircraft Is Not Second Even to Their Bravery.

## (BY GEORGE DUFRENE.)

International News Service. Paris, Jan. 15.—Notwithstanding the claim of French military authorities that no anxiety need be felt with regard to German military airships, patriotic expert aviators continue to warn the war department that it is a serious mistake to let Germany get ahead of us, even temporarily.

M. Capazza, who knows more about aviation and aeronautics than any other man alive, in an open letter to the minister of war, lays particular emphasis upon the enormous value of a large body of aeronautes, and says:

"The airship hangars at Cologne and Metz can each house six Bessons of 6,700 cubic meters capacity—that is to say, twice as large as our French machines. The teams of men for the recent maneuvers were so drilled and prepared that the pilots of dirigibles were always sure of landing in full confidence among soldiers accustomed to handling dirigibles, absolutely devoted to their service and in the presence of an enthusiastic populace. The ability and cleverness of these men was not second even to their bravery—so much so that at this hour the German pilots give the impression of being the masters of the atmosphere. They do what we have not even dared to attempt."

Certainly, it may well be doubted whether France were wise to remain content with superiority in aeroplanes. In the opinion of most experts, even those who pin their faith to the heavier-than-air machine, the dirigible balloon will be the more effective war type for a dozen years at least. It is sometimes urged that the little but swift-moving aeroplane can easily destroy a dirigible balloon by soaring above it and firing at its gas envelope. It should not be overlooked, however, that an aeroplane's ascent to a great height is a slow process, and while the machine is laboriously climbing by a long spiral gradient, the balloon can very quickly rise, keeping the aeroplane under fire all the time. For a long time to come, too, the dirigible balloon will be able to carry more offensive weapons than the aeroplane.

## Notice of Final Settlement.

Notice is hereby given that the undersigned executors of the estate of Lizzie Decker, deceased, will make final settlement of his accounts with said estate as such executors at the next term of the probate court of Pettis county, Missouri, to be begun and holden at Sedalia, in said county, on the 14th day of February, A. # S.S.S. THE ONLY REMEDY FOR BLOOD POISON

The first symptom of Contagious Blood Poison is usually a little sore or ulcer, so insignificant that often no attention is given it. But when the blood becomes more fully infected with the virus the mouth and throat get sore, glands in the neck and groin swell, and sometimes ulcerate, forming sores and ulcers, the hair comes out, copper colored spots appear on the body, and where the disease is allowed to remain in the system the poison frequently penetrates deeper and attacks the bones. S. S. S. is the true antidote for Contagious Blood Poison—the only remedy that is able to get at the very root of the trouble and remove every particle of the virus from the circulation; at the same time S. S. S. acts with upbuilding and tonic effect on every portion of the system. As soon as the system gets under the influence of S. S. S. the symptoms begin to disappear and soon a perfect cure is made. S. S. S. can be used in the privacy of one's own home and a permanent cure effected. To aid those who wish to cure themselves at home we have prepared a special Home Treatment book which contains much valuable information to Contagious Blood Poison Sufferers. With the aid of this book and the use of S. S. S. a cure can be effected in every case. We will send this book, and also any medical advice desired free to all who write.

## NEGRESS ACCUSED

LATEST PUBLISHED CONFESSION OF LAMPHERE IMPLICATED HER IN MURDER.

## DENIED CONNECTION WITH CRIME

Admitted the Guilty Man Stayed at Her House on the Night That the Gunness Home Was Burned.

Laporte, Ind., Jan. 15.—Following the publication by a Chicago morning paper of a confession made by Ray Lamphere to Rev. Dr. E. A. Schell, Judge Richter today ordered that Mrs. Elizabeth Smith, the negress referred to in the story of Dr. Schell, be arrested and questioned regarding the charges against her in the confession.

When questioned by the prosecuting attorney at the county jail the woman denied that she had accompanied Lamphere to the Gunness home the morning of the fire, or that she had anything to do with the deaths of Mrs. Gunness and her children. She admitted that Lamphere was at her house the night of the fire, but said that he left there at 3 o'clock in the morning to go to the Gunness farm.

Later the negress was released on a \$500 bond. It is expected that she will be called before the grand jury to tell her story.

## "BE WIPED OFF THE MAP"

This Is What Champ Clark Says of the Republicans.

Associated Press. Washington, D. C., Jan. 15.—Hon. Champ Clark, minority leader of the house, returned to the capitol today, after ten days of speech-making in Missouri and the middle west, saying that a thriving spirit of democracy prevails in Missouri, and predicting that the republicans will be "wiped off the map."

He said dissatisfaction with republican rule was never so widespread.

## KILLED IN TUNNEL

A. S. AND EDMUND HAINES,  
BROTHERS, WERE REARED  
IN PETTIS COUNTY.

## AT WORK IN A COLORADO TUNNEL

An Explosion Occurred, One of the  
Men Being Killed Outright, and  
the Second Died Next Day  
of His Injuries.

A. S. Haines, a son of Edmund Haines, an aged resident of Houstonia, was instantly killed and his brother, Edward Haines, also of the Houstonia neighborhood, was fatally injured in Colorado Monday, according to a telegram received by the relatives at Houstonia yesterday.

The Haines boys were at work in the Gunnison tunnel near Montrose, Colo., when a quantity of dynamite was discharged to blast some rock.

In the explosion, the foul air and gas in the tunnel ignited, causing another explosion. Twenty men at work in the tunnel at the time were injured. A. S. Haines was killed instantly, and according to a telegram, received today the younger Haines died yesterday.

The father left for Colorado Wednesday to arrange for the burial of his sons.

The dead man was reared in this county. He was 39 years of age and married. The brother was 21 years of age and single. The two went to Colorado two years ago last September.

Besides the father, the dead man leaves four sisters, as follows: Mrs. Morgan Pummill and Mrs. Wyatt Martin, both of Houstonia; Mrs. Elmer Jolly, of Hughesville; Mrs. Thos. Conrad, wife of a contractor at work on the tunnel.

## WILL WED THIS EVENING

Mr. Charles E. Bras and Miss Minnie  
E. Hollingsworth.

Charles E. Bras, a son of Mr. and Mrs. G. A. Bras, of 812 East Sixth street, and Miss Minnie N. Hollingsworth, daughter of Mr. and Mrs. J. P. Hollingsworth, of 300 East Fourth street, will be united in wedlock by the Rev. Dr. C. R. Calos, pastor of the Epworth M. E. church, at the church parsonage at 6:30 o'clock this evening.

The wedding ceremony will be witnessed only by immediate relatives, and will be followed by a supper at the home of the bride's parents.

The couple will go to St. Louis tonight to spend their honeymoon, after which they will be at home to friends at 800 East Sixth street.

Mr. Bras is employed in the air room at the Missouri Pacific shops, and, like his intended bride, has a legion of friends, all of whom will join the Democrat-Sentinel in extending congratulations.

## BRIDAL COUPLE'S SUPPER

Guests of Honor Last Night at the

Mr. and Mrs. C. A. Miller, of 618 North Stewart avenue, gave a sumptuous wedding supper at their home last evening for Mr. and Mrs. McClung Gorrell, the latter a sister of Mrs. Miller, who were secretly married at Kansas City Monday morning.

The menu was one of rare excellence and consisted of many substantial and delicious viands.

The guest list consisted of Mr. and Mrs. Gorrell, W. H. Breeden and Alfred Cooper, of Greencastle, Ind., Mr. and Mrs. Everett Breeden, Mr. and Mrs. Fred Robertson and Mr. and Mrs. Miller.

## CRAZED INDIANA PASTOR

After Rambling Talk He Flees and  
Is Now in Jail.

Logansport, Ind., Jan. 20.—The Rev. William Lippert, of Walton, 42 years old, who has been missing from home for two weeks, was brought back from Cincinnati, declared insane and committed to Loug Cliff yesterday. He had to be handcuffed and shackled.

The Rev. Mr. Lippert left Walton a week ago, going to Cincinnati, where his parents and two brothers live. Last week he made a round-

about trip to this city, coming here Sunday.

When Lippert walked into the Cumberland Presbyterian church the Rev. Mr. Arthur, pastor, out of courtesy, asked him to address the congregation.

The insane minister talked for some time. His incoherent talk, unshaven face and his mannerism soon told them he was suffering a mental strain. At the close of his remarks Lippert hurriedly left the church before the meeting was over, returning to Cincinnati.

## APRETTYROMANCE

THE ANNOUNCEMENT OF AN AP-  
PROACHING MARRIAGE IS  
GIVEN THE PUBLIC.

## GEO. F. HALL-MISS GRACE FRAZIER

They First Met at the Blackman Hotel  
in This City—The Ceremony Is  
to Be Performed at Pal-  
myra Next Month.

Palmyra, Mo., Jan. 20.—Rev. and Mrs. J. S. Frazier, of this city, announced yesterday the engagement of their daughter, Miss Grace, to George F. Hall, a business man of Sedalia, Mo.

The above dispatch was the first public news in Sedalia of Mr. Hall's wedding. It really came as a surprise to Mr. Hall, for he had not known that Miss Frazier had made public their engagement until his attention was directed to the dispatch in this morning's Globe-Democrat by a Democrat-Sentinel reporter.

Mr. Hall was reluctant at first about giving any information concerning the event, but finally consented to an interview. He said his marriage to Miss Frazier would occur some time in early February at the bride's home at Palmyra, Mo., and that Rev. Frazier, father of the bride-to-be, would in all probability perform the ceremony.

Further than this, Mr. Hall could not say as to the plans, as no arrangements have been made and the date for the event not even fixed.

Mr. Hall visited at Palmyra last week, being absent from Sedalia two days, but his friends believed he was away on a brief business visit connected with the theatrical work; at least, he left this impression when he left town.

There is a tinge of romance and a case of love at first sight in this event. Miss Frazier and Mr. Hall first knew each other last November, when the former was in Sedalia demonstrating corsets. She was accompanied by two other corseteers, who had apartments at the Blackman hotel. Mr. Hall also took his meals at the Blackman, and it was in the dining room of this hotel that the eyes of both met and both sought introductions, with the result that Mrs. Blackman introduced them.

Their acquaintance soon grew to friendship, then to courtship and now the announcement of their marriage is made public.

Miss Frazier is a cousin of Misses Swann and Kate Frazier, the Sedalia teachers, and is of a highly esteemed and pioneer Missouri family.

## ROBBED PRINT SHOP

Then the Burglars Endeavored to  
Blow Up the Building.

Coffeyville, Kas., Jan. 20.—An attempt of robbers to blow up the Brown block, occupied by a printing office, the postoffice and Elks' lodge, was frustrated here by a watchman early today, after small damage by fire had been done.

The robbers took a small amount of money from the printing office, then stopped up all openings, cut the gas pipe and set fire to it.

Jennings May Get Appeal.

"Juni" Jennings, a negro, who was given five years in the state penitentiary for assault and robbery, today was granted an appeal to the supreme court, if he pays all costs accruing from the appeal, which amount to about \$50, not including attorney fees.

## A BRICK PLATFORM

TO BE LAID AT MISSOURI STA-  
TION, FROM KENTUCKY  
TO OHIO STREET.

## THE WORK IS TO BEGIN AT ONCE

Concrete Floors to Be Re-Laid in the  
Baggage Room and Express Of-  
fice—Other Improvements  
That Are to Be Made.

Patrons of the Missouri Pacific railway in this city will not recognize the company passenger station within a few weeks, for the unexpected has happened.

The higher officials of the system have given orders for the laying of a vitrified brick platform here, to extend from Ohio avenue west to Kentucky avenue.

There will be no doubt about the work being done, for the first of six carloads of brick to be used in the improvement arrived here today and is being unloaded in the east park, just east of the passenger depot.

The platform will extend from the building line to track No. 1, within a few inches of which a cement curbing will be constructed.

The baggage room and the Pacific Express company's rooms will also be improved, and instead of a plank floor cement will be substituted in each office.

Brick will also be laid around the east side of the baggage room and the express company's office, extending as far north as the north building line of the depot.

Before the laying of brick begins, dirt will be thrown in to raise the platform, so as to prevent water from overflowing it. The east and west parks, each surrounded by an iron fence, will also be filled in with dirt.

The boards and timber, placed between the rails of track No. 1 and also between tracks Nos. 1 and 2, will be removed and "chast" substituted. A sufficient quantity will be ordered to fill the space between all of the tracks owned by the Missouri Pacific from Ohio to Kentucky avenue.

Besides the other improvements, the street crossings at Ohio, Osage and Kentucky avenues will be improved, very noticeably, and will in future be passable in any kind of weather without pedestrians miring in mud over their footsteps.

The work, all of which will be done by employees of the company, will begin at once. It will be pushed to rapid completion, if the officials' orders are properly executed.

The intention of the railway management is to make the platform one of the most convenient and serviceable now in use at any point on the system.

## FOUND DEAD IN RESORT

Decapitated, Mutilated Body of a Wo-  
man in Chicago.

Chicago, Jan. 20.—The decapitated, mutilated body of a woman, identified as Anna Furlong, was found in a room of a resort today, with the head missing. The woman had evidently made a terrible struggle for life.

Tillie Taylor, proprietor of the resort; Lily Dale, an inmate, and Taomas Gildea, a porter, were taken into custody.

## WILL WED FEBRUARY 2

Young Ohio Street Business Man and  
Popular Society Lady.

The Democrat-Sentinel learns from a reliable authority that a prominent Ohio street business man and a well-known and popular society lady are to be wedded in Sedalia on Wednesday noon, February 2.

They will spend their honeymoon in Europe.

## WM. O'BRIEN IS RETURNED

Independent Nationalist From Cork  
City Is Re-Elected.

London, Jan. 20.—The feature of yesterday's returns in the general election for members of parliament was the election of William O'Brien, independent nationalist, for Cork City, at the head of the poll. Augustine Roche, nationalist, for the same district, was also re-elected. The net

result is the winning of one seat for the anti-Redmondites in Ireland.

Yesterday's elections show that the unionists gained five seats and the liberals one, leaving the present position of the parties as follows:

Unionists, 129; Liberals, 119; Laborites, 22; Nationalists, 44.

Thus far, therefore, the unionists have a net gain of forty-five seats. They are required to obtain at least 168 net gains to wipe out the liberal majority in the last parliament.

## THE PRISONER TAKEN AWAY.

W. C. Morrison, sheriff of Anadarko county, Ok., arrived here last night and returned home today having in custody E. C. White, with several aliases, who is wanted there for forgery. White formerly lived here, but of late has been in the concrete contracting business at Anadarko.

## CLOSE OF RALLIES

TWO DAYS ARE DEVOTED TO EX-  
PLAINING FOREIGN MIS-  
SIONARY WORK.

## DEEP INTEREST WAS MANIFESTED

The First Christian Church Here to  
Be Made a "Living Link" in the  
Foreign Field—Departure  
of Missionaries.

The Christian churches of Sedalia closed last night two days of a most successful missionary rally. One day was given to the East Broadway church and one to the First church.

They do not take the offering for missions on these occasions. The purpose is to give information, acquaint the people with the work being done, the workers, and the character of the heathen converts after accepting Christianity. The offerings are taken in March.

The stories of cruelty, of immoralities and then the difference in methods of living by these lives transformed by the Gospel power, form most interesting material for the missionaries, who, while at home on furlough, are visiting the various churches.

The immediate effect of these rallies upon Sedalia is to start the pastor of the First Christian church, and some of the members, to discuss making the church a Living Link in the foreign field. This would mean that the church would employ its own evangelist to preach the Gospel upon some of the foreign shores.

Mr. Allen, the secretary, and his assistants, Messrs. Williams and Hensley, made most favorable impressions while here upon all who heard them. They left at 6:40 o'clock this morning for Marshall, Mo.

## MR. JOHNSON TAKEN ILL

Dr. E. A. Wood at Patient's Bedside  
Most of Night.

L. E. Johnson, the Ohio avenue barber, was taken seriously ill as a result of gall stones at his home, on South Vermont avenue, at 9 o'clock last night and was under the constant care of a physician until 4 o'clock this morning, when he rallied slightly.

Dr. E. A. Wood was summoned and remained with the patient during the night. A report from Mr. Johnson's home today is that he is resting much easier.

## PULLING BREAKS JAW

Miss Anna Smith, Emporia, Kas.,  
Suffering Blood Poisoning.

Emporia, Kas., Jan. 20.—Miss Anna Smith is in St. Mary's hospital here in a precarious condition, suffering from blood poisoning.

Miss Smith had a tooth pulled and her jaw was broken. Blood poisoning set in and she is unable to use her jaws.

## WILL ASK MORE MONEY

Increase of 10 to 20 Per Cent for Bi-  
tuminous Coal Miners.

Indianapolis, Ind., Jan. 20.—At the United Mine Workers' convention, today, President Lewis announced that the committee on wage scale will formulate a demand of bituminous coal miners for an increase from 10 to 20 per cent.

## FOLK TO DODGE IT

MISSOURI SENATORIAL TOGA,  
WITH EYE ON PRESIDEN-  
TIAL NOMINATION.

## FRANCIS AND REED TO CONTEST

Lon Sanders, Campaign Manager for  
Mr. Folk, Is Interviewed by a  
Reporter for the St. Louis  
Post-Dispatch.

St. Louis, Mo., Jan. 20.—David R. Francis and James A. Reed will have a clear field in the fight for the democratic nomination for United States senator, as former Governor Folk practically has decided not to make the race, according to a statement of close friends to a Post-Dispatch reporter Wednesday.

It is likely, the Folk managers say, that their chief will yield to the overtures of the democratic leaders to make him the choice of the Missouri delegation for the democratic nomination for president.

The former governor will return to St. Louis from an extended lecture tour Friday, when he is expected to make a definite announcement of his plans.

Lon Sanders, recognized as Folk's principal campaign manager, confirmed this information when seen by a Post-Dispatch reporter.

"Governor Folk has never said that he would run for the senate this year," said Sanders. "On the contrary, he has discouraged any talk in that connection, as he is anxious to bring about harmony in the party, and believes it can not be accomplished if the old political wounds are opened afresh by a bitter senatorial war."

"It is my judgment and that of McLeod and others that the governor can well afford to leave the senatorial contest alone, provided, of course, that there is no repudiation of the things for which he has stood."

"Will the governor consider the proposition advocated by several leaders to give him a presidential endorsement?" Sanders was asked.

"Well, I don't know about that. Personally I believe he would make a formidable candidate for the presidency."

"I am not speaking authoritatively on these matters, however, but simply giving the views of those who are friendly to the governor and are desirous of advancing his best interests. I do not know what his ultimate decision will be, and perhaps he will remain noncommittal until the situation so far as the senatorship is concerned is fully cleared up."

The efforts of Senator Stone to induce Folk to enter the senatorial race is said to have provoked grave suspicion among the Folk supporters. While Stone has been nominally friendly to Folk his lieutenants have invariably maintained a hostile attitude.

It is thought that the announcement of the Francis candidacy was based on the information that Folk is out of the fight, and that his most formidable opponent will be Mr. Reed, former mayor of Kansas City.

## MR. WALSH SLEPT WELL

Former Banker's First Night in a  
Federal Prison.

Leavenworth, Kan., Jan. 20.—"I slept very well, thank you," replied John R. Walsh, the former Chicago banker, to the greeting of a guard this morning at the federal prison here.

The aged banker arose after his first night as "convict No. 6861," made up the little cot in his cell and stood, as did the other nine hundred prisoners, awaiting the order to march to breakfast.

Today, and probably for several days, Walsh will be permitted to rest before entering upon the regular routine of prison life.

## OLD LANDMARK GOES

Missouri Pacific "X" Office Is to Be  
Dismantled.

The Missouri Pacific "X" office at Engineer avenue and the company tracks, years ago occupied as a train dispatchers' office, has been sold to George Brittendall, division lineman for the company, for \$100.

In the contract it is stated that Mr. Brittendall is to dismantle the build-

ing, remove it from its present site and also remove all trash and debris from the lot on which the office stands.

The "X" office was the first brick building ever erected by the Missouri Pacific railway in this city. It is composed of brick, cement and timber, and has been vacant for years.

It is known by every railroad man in the city, and by all who ever worked here, no matter what length of time.

The removal of the office will do away with one of the oldest landmarks of Sedalia.

## Steamer Wrecked and Sunk.

St. Louis, Mo., Jan. 20.—The City of Providence, an excursion steamer, was wrecked and sunk in the Mississippi river here today. The value of the vessel was \$65,000.

## STILL HAVE BOOZE

THERE HAS BEEN NO DECREASE  
IN LIQUOR TRAFFIC IN THE  
PROHIBITION STATES.

## BEEN INCREASE IN MANY PLACES

Especially Is This True in the Mat-  
ter of Case Goods—Testimony  
of Expert Before Classi-  
fication Committee.

San Antonio, Texas, Jan. 20.—In an effort to get a reduction in freight rates on alcoholic beverages in bottles and cases, representatives of distillers and rectifiers submitted to the western classification committee a great deal of conclusive evidence, showing in a very drastic manner that prohibition does not prohibit.

Not alone is it shown that there is not a decrease in liquor traffic in prohibition states and counties, but that there was, on the contrary, a decided increase in many lines, especially in case goods.

According to figures submitted to the committee by R. M. Field, of Peoria, traffic manager for Clark Bros. & Co. and Corning & Co., distillers, there is now more whisky moving on interstate shipments into Georgia, Alabama and the Carolinas than at any previous period. The only tonnage that had decreased, he said, was that of beer, but this loss, both in trade and freight, was being made up by the increase in the whisky traffic.

Mr. Field explained that the pocket flask had become the favorite whisky package for prohibition districts by reason of being less bulky than the regular round bottle.

Further statements by Mr. Field elicited that the flask was being used by whisky shippers at the request of customers in prohibition territories, and that this was due to its susceptibility to concealment. It was also brought out that what the brewers had lost through prohibition the distillers and rectifiers had gained in augmented proportions.

## DISGRACE TO THE STATE

Treatment of the Insane in South  
Carolina Asylum.

Columbia, S. C., Jan. 20.—The commission investigating the state hospital for the insane, in reports made public today, charges the grossest violation of the ordinary rules of sanity and decency.

The evidence shows bathing fifteen patients in the same water in a bathtub, bodies buried on top of each other, cholera bugs and dead kept together, and the women's ward overrun with vermin. Many other outrages are reported.

## Bought the Waldman Home

W. H. Highleyman, the real estate dealer, whose automobile is reputed to be the fastest racing machine in Central Missouri, today purchased from J. Waldman the eight-room strictly modern residence at 227 South Montezuma avenue, which he will take charge of on April 1. The price paid was \$1,000.

## Paid Accident Claim.

Fred Bender, of Tenth street and Missouri avenue, who has been off from work with an injured finger, today received a check for \$21 from F. S. Fox, district manager of the United States Health and Accident Insurance company.

## IT SHOULD BE READ

THE GAS PHOTOMETER NOW  
INSTALLED IN THE  
CITY HALL.

## PUBLIC IS ENTITLED TO ITS USE

City Clerk Refused Gas Company  
the Privilege, But Thus Far  
No Reading Has Ever  
Been Made.

Who is to read the photometer?

That is the question that is agitating the minds of R. B. Hamner, manager of the Sedalia Light & Traction company, and some of the city officials just now.

The Light company, in compliance with its contract, with the city, some time ago, installed an up-to-date gas-power measuring machine in the city hall. It also brought to Sedalia a gas expert from St. Louis, who taught one of the company employees how to read the photometer in a scientific and accurate way, to the end that both the public and the company could know just what power of gas was being made and furnished to consumers.

Now Mr. Hamner says City Clerk Baker will not permit the company reader to enter the room where the photometer is located so as to make the readings.

City Clerk Baker says its true, and adds further that no company representative should be permitted to make the readings on the ground that as an interested party it might "doctor" them in its favor.

All of which has resulted in the fact that in spite of the city being in possession of just the instrument for which it clamored for many months, and through that possession in a position to know just what sort of gas is being furnished and paid for, not one reading has ever been made, and the consumer is just as much in the dark as to whether or not he is getting value received as before the photometer was put into commission.

This whole matter was brought out by the fact that for two days and nights previous to Wednesday night the company had been furnishing an extremely poor quality of gas. Many complaints were made to the Democrat-Sentinel and Mr. Hamner was seen regarding it. He frankly admitted that the gas was very poor, and attributed it to an error of one of the hands at the plant, who mixed things up to such an extent as to make a bad combination of nearly two days' supply.

When discovered, it was too late to remedy matters, and it was either furnish poor gas or none at all. When asked about the photometer, Mr. Hamner disclosed the above facts.

He claims that his company desires to please the people, to furnish the proper quality of gas and to fulfill all its obligations to the public, and that he should be permitted to have access to the photometer for his own information, even though that information is not given publicly as the official reading.

Anyway, the photometer should be read and the reading given out. That's what the photometer is for, and that is what the people are entitled to have, and the Democrat-Sentinel will endeavor to see that they get it. Plans are now on foot to the end that a reading be made at least three times a week and the result printed in this paper.

## EXPLOSION AT A MINE

One Dead and Thirty or Forty Others  
Are Imprisoned.

Richmond, Mo., Jan. 20.—At least one miner is dead and thirty or forty more are imprisoned, as the result of the explosion of a gasoline engine in coal mine No. 6, owned by Pence & Gainer, a mile from Richmond, today.

## Are Anxious About Billy.

The Democrat-Sentinel today received this telegram from L. H. Cook, of Oklahoma City:

"Wire quick if Billy Roach has left there. He boxes here tomorrow night. Please rush."

Answer was made that Roach and Tim Dunningan, of the Senate bar, left here last evening on the Katy Limited for Oklahoma City.

**WHO FOR THE NEXT MAYOR?**

The time for the city election is rapidly approaching, and it behooves those who have the welfare of Sedalia at heart to begin thinking about candidates for the various offices, especially that of mayor.

If party lines are to be continued in municipal affairs, and it is to be presumed they are, then the democrats should seriously consider who would be the best man for them to run as their candidate.

A good man and clean, one with progressive ideas and the necessary backbone to carry them out, is what is wanted. With such a man at the head and the balance of the ticket made up of those possessing like characteristics there should be no trouble to elect.

The Democrat-Sentinel, believing that the people themselves should have a voice in the selection of candidates, would like to receive suggestions of good men for the office of mayor. The suggestions will be published as received. To start the ball rolling, this paper presents the name of Dr. E. F. Yancey.

**INTELLIGENCE IN JURYMEN.**

Intelligence ought not to be a disbarment from jury service, in the opinion of Judge Shelton, of this state. In a murder trial recently tried before him the state's attorney severely questioned a talesman about having read newspaper accounts of the crime, for the purpose of disqualifying him. Judge Shelton put an end to this proceeding by saying:

"What's the difference if they have read the newspapers? They'll make all the better jurymen. To say a man ought not to serve because he has read a newspaper account is saying, in effect, that a jury of intelligence is objected to. That is not justice; neither is it the law."

This judicial opinion is not only refreshing, but it is an evidence of sound common sense on the part of the judge who gave voice to it. Men

with so little interest or intelligence in the affairs of the world as to fail to read the newspapers and thus keep abreast of the times ought to be disqualified from jury service, rather than sought for as the arbiters of a fellow man's life or liberty.

**OPEN THE SCHOOLS.**

Open-air class rooms for consumptive children is the latest benevolent experiment to be tried in a tentative way by the New York board of education.

For this purpose rooms are to be provided on the upper floor of one of the school buildings, so arranged that the pupils will be in the open air, no matter what may be the weather conditions. That the children may not suffer from cold, robes, foot-warmers and other things necessary to keep them comfortable will be provided out of the school fund.

It is urged that this arrangement is justified as a matter of precaution for healthier children as well as for the better care of those who are underfed, poorly nourished and anemic. The teachers in the open-air schools will have an extra \$100 per year added to their salaries.

We have been told that meat is high because we insist on eating so much of it, but the president of the National Association of Boot and Shoe Manufacturers says that shoes are high because we have become vegetarians. We eat so little meat that hides are scarce and expensive.

Out in Indiana the mother of eighteen children is awaiting trial on the charge of stealing coal to keep the eighteen from freezing. This woman showed bad judgment. She should have contrived to wreck a bank or steal a million dollars and thus have become a heroine instead of a felon.

Tom Frenzied Finance Lawson heartily indorses the president's incorporation scheme, and says it is the greatest trust-busting scheme ever conceived by mortal man. This explains why the railroads are accepting the Taft program with such cheerful acquiescence.

A dairyman near Philadelphia fell into a well and was nearly drowned. This should be a lesson to him to exercise more care in the manufacture of his product.

How can the steel trust afford to pay higher wages to its employees when its directors have to pay \$100 a cover for a dinner.

Four more sugar trust tools have been sent to jail. But the men higher up are still on the right side of the bars.

Pinchot is the latest of the Roosevelt policies which Taft carried out—and threw on the ash heap.

The question of the hour now is: "What is a republican?"

Deafness cannot be cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed, the hearing is lost, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever. The cases of deafness are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

It Takes Away the Dread of Birthdays.

Nothing is more annoying to men and women of middle age than to see those unmistakable signs of age—thin hair and grayness—approaching. But science has discovered that these conditions are no longer, "unmistakable" evidences of old age, for the dandruff germ theory proves that even very young people may suffer hair loss, while those fortunate enough to escape the ravages of the scalp germ, retain their abundant locks to a ripe old age. Newbro's Herpicide kills the dandruff germ and removes the risk of appearing old before your time. Save your hair and your feelings by using the genuine Herpicide. Sold by leading druggists. ## THE FAMILY WAS NUDE

Fanatic Parents and Four Children  
Await the Fiery Chariot.

Bellingham, Wash., Jan. 20.—Waiting for a fiery chariot from heaven, George Paschot, his wife and four children stripped themselves Tuesday at Lynden, Wash., and clambered to the roof of their home in freezing weather.

When discovered, their baby, Martha, 11 months old, was dead from exposure and hunger and another child was dying.

Sunday a "Holy Roller" exhorted members of the sect at Lynden to prepare for the end of the world. Paschot and his wife took the instruction literally, stripped themselves and the children and danced the night through in the bitter weather.

The prosecuting attorney said yesterday he would try to hold the preaching elder on a manslaughter charge. Paschot appears to be regaining his senses, but the woman and two children are violently insane.

## TRAMP REPAYS KINDNESS

Now Prosperous, Sends Brakeman  
Who Aided Him \$500.

Denver, Jan. 20.—Seven years ago James L. Harvey, now a Rio Grande switchman here, was brakeman on a freight in Oklahoma and befriended a tramp.

A few days ago Harvey received a letter from the tramp, Charles McNamara, now a rich miner of Murray, Id., inclosing a check for \$500 as a Christmas gift. Harvey permitted McNamara to ride over his division, gave

him clothes, a meal, a bed and a \$2 bill.

McNamara says in his letter that he had resolved to kill himself when he met Harvey. But the help he got gave him courage to renew his battle with the world, and he is now prosperous. He tells Harvey to "give the high sign" when he wants anything.

## FIGHT FOOD TRUST Constipation Cure Free

A SYSTEMATIC METHOD BEING  
USED BY THE COMBINED  
FORCES AT CAPITAL.

## BOYCOTT BY WAR DEPARTMENT

Senator Elkins, of West Virginia,  
Says That the Republican  
Party Will Not Dodge Is-  
sue of High Prices.

Washington, Jan. 20.—The forces which are attacking the trusts' high priced food and other commodities at the national capital are these:  
The war department, navy department, the house of representatives, the senate, the Anti-Trust league, the Housekeepers' alliance, which is composed of representative women of Washington.

On the roster of the Housekeepers' alliance are such prominent women as Mrs. David J. Brewer, wife of the associate justice of the supreme court of the United States; Mrs. Senator LaFollette, Mrs. Robert Shaw Oliver, wife of the assistant secretary of war; Miss Alice E. Whitaker and Miss Mary S. Lockwood, president of the local Civic federation.

Henceforward the National Anti-Trust league and the Housekeepers' alliance will work in harmony, with the same common end in view, of reducing the almost prohibitive prices of trust-made goods. The prominent people in this organization made it clear that they will not resort to what is technically known as a boycott.

How results are to be accomplished is explained by Mr. Lynn Yeagle, the chairman of the board of governors, in this way:

"Our object is not to boycott, but simply an abstinence for a certain length of time from certain foods with the ultimate object of forcing prices down. We will first get the report from our representatives in the different congressional districts. The board of directors will decide which food will not be used for several days, or until the prices go down. In this way the trusts as food producers will realize the strength of organization and will know that they will have to keep the prices within bounds."

The highest legal officials in Washington do not think that methods like those to be pursued by the Housekeepers' alliance or the National Anti-Trust league would be illegal. Department of justice officials regard as legal an act which is essentially a boycott if it is not directed by name in any particular combination.

Secretary of War Dickinson has taken the ground and acted upon it that the war department will not deal with any trust against which a judgment has been obtained. He has therefore forbidden army agents to purchase from the tobacco trust or from Standard Oil.

The navy department will not purchase from concerns against which judgments have been obtained.

Should Attorney General Wickersham within a reasonable period secure judgments against other trusts they also will be boycotted by the army and navy because they have been officially declared violators of federal laws. It is made very clear, however, to all inquirers that the government can not assume that a certain combination is a trust and then proceed to boycott it.

In the eye of the government "a trust" is an illegal combination in restraint of trade, and, what is more, in order that the government may boycott, it must prove in court that it is illegal and obtain a judgment against it.

Senator Elkins said yesterday that the republican party had the issue of high priced foods before it and that it will not dodge the issue.

He says he proposes to push his resolution to obtain all the remedy that congress can afford.

"If the tariff," says he, "is the cause of high prices, let us find it out."

St. Louis to Cut Out Meat.

St. Louis, Mo., Jan. 20.—Meetings of labor and charity organizations, universities and clubs have been held in St. Louis recently, at which were discussed the increased cost of living and the practicability of a meat strike as a partial solution of the problem.

It is said now a meat strike probably will be precipitated within a week.

Moberly May Pass Up Meat.

Moberly, Mo., Jan. 20.—There is a movement on foot here to have the wage earners join the movement looking to the abstaining from meat eating for the next thirty or sixty days. The movement here will be directed against meat of all kinds.

Bricklayers Bar Meat.

Kansas City, Mo., Jan. 20.—Kansas City bricklayers, hard working but

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, then change to cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such is Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of Danville, Va. will gladly attest, and so will Mrs. S. A. Hampton of Fort, O.

To those who are still skeptical there is a way of proving these assertions without a penny of expense. Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty cent or one dollar bottle of your druggist and continue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children and old folks generally. Dr. Caldwell personally will give you any medical advice you may desire, or yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in letter and he will reply to you in detail. For the simply send your name and address on a postal card or otherwise. For either request the doctor's address Dr. W. E. well paid, are the first here to take action toward boycotting meat, because of the prevailing high prices. At a meeting of the local union resolutions were adopted by a unanimous vote, to this effect:

"We, the members of Bricklayers' local union No. 1, of Kansas City, hereby refuse to buy meat of any kind for thirty days."

## MEET OF EDITORS

STATE PRESS ASSOCIATION IS  
HOLDING MEETING AT  
THE CAPITAL.

## CONVENTION TO OPEN TOMORROW

Governor Hadley Is Scheduled to Deliver the Address of Welcome  
—Some of Those Who Are on the Program.

Jefferson City, Mo., Jan. 20.—Missouri editors will be given the keys to the city today when they arrive to attend the annual meeting of the State Press association. It is expected that about 150 pen pushers will be on hand by tonight. Plans have been made by the Jefferson City Commercial club to entertain the visitors today. Committee meetings and other preliminary work will probably be disposed of.

Tomorrow the convention proper will open. Governor Herbert S. Hadley is scheduled to deliver the address of welcome, which will be responded to by W. L. Robertson, of the Gallatin Democrat. The rest of the morning will be devoted to shop talks.

A tour of inspection of the state buildings will be made in the afternoon, to be followed by an address by C. D. Morris, of the St. Joseph Gazette, on "Does Missouri Need a New Capitol Building." At night the visitors will be entertained at a luncheon and reception given by Governor and Mrs. Hadley at the mansion.

Providing the weather is favorable the editors will be given a long automobile ride over the city and surrounding country Saturday.

C. M. Harrison, of the Gallatin North Missourian, is president of the association, and Kelley Pool, of the Centralia Courier, is secretary.

## WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

## AN ALLEGED THEFT

A RAILWAY CHARGES THREE OF ITS EMPLOYEES WITH MONUMENTAL STEALING.

## HUGE SENSATION HAS RESULTED

The Chicago & Western Indiana Has Spent Two Years Running Down Case—One of Men Ex-President of the Line.

Chicago, Jan. 20.—Eight hundred and fifty thousand dollars is said to have been stolen from the Chicago & Western Indiana Railway company by three men, John C. Fetzer, Benjamin Thomas and Charles R. Kappes, through manipulation of a real estate deal. The charge is made in a bill for an accounting filed against them in the circuit court last afternoon.

According to the allegations in the bill, Thomas, Fetzer and Kappes made an illegitimate profit of approximately \$850,000 out of real estate deals which totaled in the neighborhood of three million dollars. This money, it was said, was divided among the three and it is claimed that a large amount of it consists of bonds of the railroad company which are still in their possession.

The matter of criminal conspiracy on the part of these three men was brought to the attention of Thomas Marshall, assistant state's attorney, by Walter L. Fisher, who has been retained by the railroad company for the purpose, and the examination of witnesses continued late into the night. At 8 o'clock last night State's Attorney Wayman was called into the conference and he personally examined between twenty and thirty witnesses. In all probability the matter will be brought to the attention of the grand jury today.

In the meantime there was a revolution in the Eastern Indiana Railroad company yesterday. William J. Henley, who succeeded Benjamin Thomas as president of the company in June, 1908, when Thomas was requested to resign his office by the board of directors, tendered his resignation yesterday. It promptly was accepted and E. B. Pryor, fourth vice president of the Wabash railway, was elected in his place. The bill filed in the circuit court yesterday was signed by Pryor as president and was filed by Murray Nelson, Jr., attorney for the road.

Benjamin Thomas was president of the Chicago & Western Indiana railroad company from 1891 to June, 1908. John C. Fetzer is a widely known real estate dealer and formerly was managing receiver for the Chicago Union Traction company. Kappes was the real estate agent for the railroad company until he was requested to resign at the same time that Thomas was superseded. Henley, who is not mentioned in the bill, was general counsel for the railroad during the period that Thomas was president.

Nearly two years have been spent by Mr. Nelson and his assistants, including several detectives, in gathering together the facts which have been set forth in the bill for an accounting. This same evidence also was presented to State's Attorney Wayman and his assistant, Thomas Marshall, and resulted in the hasty calling together of as many of the men and women who had sold real estate to the railroad through Fetzer as could be reached on short notice. Between twenty and thirty of them responded.

So successful has been the detective

## MAKES A PROTEST

CONGRESSMAN LLOYD REFUSES TO SERVE ON INVESTIGATING COMMITTEE.

## DEMOCRATIC CAUCUS IS IGNORED

Republicans Insist on Naming the Democratic Members of the Committee to Look Into the Ballinger-Pinchot Affair.

Washington, Jan. 20.—Representative Lloyd, of Missouri, announced in the house this morning that he would not serve on the Ballinger-Pinchot committee, his statement being greeted with applause.

Representative Clayton, of Alabama (Democrat), had offered an amendment to the republican rule naming the members of the committee and proposing to substitute Rainey for Lloyd. Chairman Dalzell previously had presented a resolution from the committee on rules providing for the election of six members to represent the house on the joint committee on the controversy. Currier (republican) offered the names of McCall, Olmsted, Denby, Madison (Kansas), James and Lloyd. All of them were of republican selection.

Lloyd then announced that in the selecting of the democratic members the choice of the democratic caucus should be respected, and that James and Rainey having been selected by the caucus for these places, he declared he could not serve on the committee.

Mr. Clayton, of Alabama, made an impassioned plea for fairness.

"We democrats," said Clayton, "concede to the republican party the right to control this house, but we don't concede your right to dictate to the democratic party how it shall conduct its affairs."

Clayton's resolution to substitute Rainey for Lloyd was lost by 192 yeas to 147 nays.

Finally the Currier resolution was adopted by 186 to 145.

## SALOON THOUGHT NO. 296.

**CITY HALL.**  
W. R. Pemberton, Clerk.  
Don P. Bartley, Mayor.

Fulton, Mo., Jan. 4, 1910.  
Mr. E. J. Moore, Superintendent, St. Louis, Mo.

Dear Sir:—  
"In the light of our city's experience since I have been mayor, my firm belief is that the city of Fulton does not need, in order for its proper support, the saloon as a revenue producer."

"The question of whether or not business is affected by the presence or absence of the saloon, has long since been settled in the minds of all thinking persons. There is no doubt that business in all lines has been better and more profitable during the last two or three years than ever before and there is also no doubt that a part of this improvement is due to the fact that there is less opportunity than formerly to spend the money of the working class for intoxicants."

"The records of the police court shows a decided decrease in the number of arrest for all causes and of course police court expenses have decreased correspondingly."

"If the question were to come up again for a decision by vote, I am quite sure that the good people of this city would vote as they did two and one-half years ago, and that some who favored the saloons then would oppose them now. Very truly,

## A BRILLIANT AFFAIR

GRAND MASQUERADE PARTY AND BANQUET BY FLOWER-BARNETT D. G. CO.

GIVEN TO EMPLOYEES LAST NIGHT

Festivities in the Popular Tea Room in the Basement Section of This Truly Popular Emporium.

Last year the members of the firm of the Flower-Barnett Dry Goods Co. gave their initial banquet to their employees, and at that time it was thought to be beyond improvement.

This year, however, the unusual attractiveness, grotesqueness and originality of the costumes of those in attendance and the delightful menu served made the occasion last night easily the most brilliant yet given.

Out of esteem for the co-operation of its employees during the year, this firm has given this "good time" to them on these two occasions, instead of remembering each one individually at Christmas time, as has been their usual custom, and the unity of the entire store in the movement is very marked.

Chief among the costumes worn last night were the hunter, the clown, the Indian, the witch, cowgirls, Scotch girls, German girls, negroes, Indian and colonial maids.

A program of considerable length, and which was greatly enjoyed by all, was given, as follows:

Address of welcome—E. J. Simpson.

Song, "Pony Boy"—Miss Garrett and chorus.

Toast—Mrs. Naylor.

Reading—Mrs. Friend.

Song, "Daisies Won't Tell"—Chorus.

Humorous reading—C. W. Foss.

Toast—Miss Muckov.

German song—German quartette.

Toast—Miss Hough.

Paper—Miss Kahrs.

Song—Virginia Flower.

Song, "I Wonder Who's Kissing Her Now"—Chorus.

Toast—Miss O'Bannon.

"Any Old Thing"—C. W. Flower.

Song, "Sweetheart Days"—Miss Garrett and chorus.

Toast—Miss Lydfck.

Recitation—Mrs. E. J. Simpson.

Pantomime—Miss Potter.

Toast—Miss Glover.

Recitation—Miss Severns.

Song, "Because You're You"—Chorus.

Toast—Miss Loos.

Paper—Miss Allen.

Toast—Miss Lozes.

Song, "Annie Laurie"—Chorus.

Finis song—Chorus.

The banquet was exquisitely served.

The decorations were unusually beautiful and unique, rows of red and green electric lights being used, as were a large number of Japanese lanterns. Evergreen wreathing and poinsettias were also used lavishly. The tables and counters were taken from the basement, and after a splendid four-course menu enjoyed and punch served, dancing was the prominent attraction, until at a late hour the guests returned to their homes in carriages provided by the firm, which were waiting at the door.

## WOMAN SEEKS DEATH

Wife of St. Louis Newspaper Man Flees From Home and Ends Life.

St. Louis, Jan. 20.—Mrs. Louisa Bradley, 37 years old, wife of B. E. Bradley, general manager of the Post-Dispatch and editor in chief of the Chicago Chronicle up to the time it suspended publication, shot and killed herself last night in a rooming house.

Mrs. Bradley had been ill and escaped from the trained nurses last afternoon. She rented a room in a lodging house and at 7 o'clock last night was found dead.

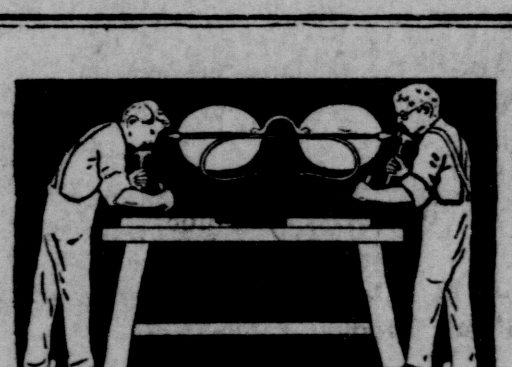

Three empty bottles that had contained chloroform were found beside her body. A bullet wound through her heart caused death, but it is believed she first tried to kill herself with chloroform.

Her husband notified the police of her disappearance shortly before her body was found. Mr. Bradley was present at the morgue when the body was brought in and identified it as that of his wife. It is believed that her mind was unbalanced.

## A 25 PER CENT LOSS

CLEVELAND PACKERS ADMIT A LOSS IN TRADE BECAUSE OF THE BOYCOTT.

AND THE STRIKE SPREADING, TOO

Total Number of Working Men Now Engaged in the Fight is 30,000, and Upon These About 90,000 Others Depend.

Cleveland, Ohio, Jan. 20.—Figures showing the effect of the Cleveland meat strike upon consumption were made public yesterday by Director Albert W. Armour, of the Cleveland Provision Co., the largest packing house in this country, with twenty-seven retail stores.

According to Armour, the reports of his twenty-seven store managers for Tuesday's business showed an actual decrease in the amount of sales of 25 per cent.

If anything was needed to spread the strike, this report showing the enormous consequence of the strike on the meat industry of this city is expected to accomplish that result.

The effect of this falling off in demand was apparent yesterday morning, when an order reducing the retail price of pork from 19 cents to 17 cents a pound went into effect in the provision companies' stores throughout the city.

Students of the present economic situation in Cleveland interpret significantly the fact that the wholesale cut in price is only 1 cent, while the retail cut is double that.

Does this indicate that the retailers are responsible for the present exorbitant prices rather than the wholesalers? is the question asked today.

Additions to the ranks of the meat strikers among the working men were made public at noon. They include the Upson Nut Co., 569 employees; Lampson & Sessions Co., 500; Van Dorn Iron Works, 500; Van Dorn & Dutton Co., 100, and Exide Battery Co., 50. All these firms are among the foremost manufacturers in the city.

The figures quoted are believed to be but a small fraction of the new recruits added during the day. The total number of workmen now engaged in the strike is estimated at 30,000. Upon these fully 90,000 more depend for their livelihood, making the total number of abstainers 120,000.

This does not include the large number of people of the wealthy and well-to-do classes who have joined the strike. They have not made public their determination and will not do so until the women's clubs begin to meet and lodges and societies register their opinions.

## CANADIAN GOLD COINS

Expected Dominion Will Soon Have Coinage of Its Own.

Ottawa, Ont., Jan. 20.—It is expected that before long Canada will have a gold coinage of its own. Canadian currency is similar to that of this country, dollars and cents being used as a basis of value, instead of the mother country's pounds, shillings and pence, but heretofore there has been no gold coins of the Dominion, with the exception of comparatively few gold sovereigns coined at the royal mint.

The denominations will be \$5 and \$10. The gold will be obtained from the Yukon region, and an effort will be made to establish a government purchasing agency at Dawson.

The mint will be able, it is thought, to make a small margin of profit in coining gold.

## A REAL KIDNEY CURE

JUST A FEW DOSES WILL MAKE YOUR OUT-OF-ORDER KIDNEYS ACT FINE.

## HARMLESS THOUGH EFFECTIVE REMEDY

The Most Severe Backache and Bladder Misery Vanishes—Pape's Diuretic Cleans and Regulates the Entire Urinary System.

No man or woman here whose kidneys are out-of-order, or who suffers from backache or bladder misery, can afford to leave Pape's Diuretic untreated.

After taking several doses, all pains in the back, sides or loins, rheumatic twinges, nervousness, headache, sleeplessness, inflamed or swollen eyelids, dizziness, tired or worn-out feeling and other symptoms of clogged, sluggish kidneys simply vanish.

Uncontrollable urination (especially at night), smarting, discolored water and all bladder misery ends.

The moment you suspect the slightest kidney or bladder disorder, or feel rheumatic pains, don't continue to be miserable or worried, but get a fifty-cent treatment of Pape's Diuretic from your druggist and start taking as directed, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which is so harmless or will effect so thorough and prompt a cure.

This unusual preparation goes direct to the cause of trouble, distributing its cleansing, healing and vitalizing influence directly upon the organs and glands affected and completes the cure before you realize it.

A few days' treatment of Pape's Diuretic means clean, healthy, active kidneys, bladder and urinary organs—and you feel fine.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

The Meeting Is of Unusual Importance, as It Is the First to Be Held Since Passage of the Aldrich-Payne Law.

New York, Jan. 20.—Members and subscribers of the American Protective Tariff league gathered today at the national headquarters, 339 Broadway, to hold their annual meeting and felicitate each other on the part played by the league in keeping the recent tariff "revision" within bounds.

After preliminary discussion the league will elect five members for four years and one member for two years. The board of managers will also hold its meeting today for the election of officers for the ensuing year, as well as the designation of executive and standing committees for 1910.

The terms of the following named members of the board of managers expired: Augustus G. Paine, A. R. Wilson, Henry McCall, Lyman P. Goff, George R. Meyer.

A successor will be chosen to Theodore M. Ives, for many years a member of the board, who recently died.

The meeting is the first to be held since the enactment of the tariff law and is regarded as of unusual importance.

Charles A. Moore, president of the league, states that many matters affecting the policy of the league will come before the meeting, which demand the best counsel and advice.

There appears to be some doubt in some quarters whether Mr. Moore can be persuaded to serve another term. His business connections are so extensive that it has been with difficulty that friends of the league have prevailed upon him to retain the office.

In view, however, of the imminence of tariff revision last year, Mr. Moore accepted the unanimous election as executive. During the revision the league exercised its influence in congress in the correction of alleged weaknesses in the administration features of the Dingley act, with the result that many of the defects of the old law stand corrected in the act of 1909.

Postal Savings Bank Bill.

Washington, Jan. 20.—Senator Carter, author of the postal savings bank bill, is determined to make a hard fight for the passage of his pet measure, despite the opposition of Aldrich, Penrose and other powerful senators.

Carter has lately been investigating affairs in the canal zone, but will hereafter devote much of his time to pushing the postal savings bank.

New York, Jan. 20.—Prominent clergymen and missionaries will participate in the program this evening which will mark the eighteenth anniversary of the Brooklyn City Mission and Tract Society.

Doughnut Holes Larger.  
Franklin, N. H., Jan. 20.—Citizens of Franklin and Tilton are up in arms against the local bakers, who

have increased the price of doughnuts from 10 to 12 cents a dozen.

It is also alleged that holes in the doughnuts are larger. It is understood that a demand will be made for a government investigation.

He Got the Pin, Anyway.

A man who believes in the old saying, "See a pin and pick it up and all the day you'll have good luck," saw a pin in front of the postoffice the other day. Bending down to get it his hat tumbled off and rolled into the gutter; his eye-glasses fell off and got smashed; his suspenders gave way behind and he all but lost his new front teeth. He got the pin.—Hartburg Truth.

## NO ONE-MULE FARMERS

They Are Thing of the Past Among Negroes of the South.

Athens, Ga., Jan. 20.—In Georgia, the day of the one-mule farmer, who makes only one crop, is rapidly disappearing and in order to keep pace with the industrial conditions of the country the farmer is beginning to realize the fact that he must adopt new methods, different from those in use twenty years ago, and these new methods are what the state college of agriculture is demonstrating this week to agriculturists gathered from all over the state.

Always the "Empire state of the south," Georgia is now leading in progressive methods of farming. Acting along this line, the state college is setting before the farmers of the state the newest and best methods of intensive farming, and showing them by actual experiment and demonstration that their crops can be increased to double and triple what they have been by the use of improved methods of fertilization and rotation of crops.

## THE NEGRO CONFERENCE

Delegates Present from 200 Schools and Colleges.

Tuskegee, Ala., Jan. 20.—Delegates from about 200 schools and colleges in different parts of the south attended the second day's session of the Tuskegee Negro conference.

The meeting today, known as the "Workers' conference," is a sequel of the meeting held yesterday, which was attended by negro farmers from the country districts and from many parts of the south.

## A SQUARE-DEAL

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and these are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless—even to the most delicate women and children.

**Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.**

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or other organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures even the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1000 pages—which treats of diseased conditions and the practical, successful treatment thereof. SNAKES SAVE WHISKY?

Neither Dr. Cook Nor Annanias In It With This Fellow.

Squadunk, Conn., Jan. 20.—A woeful waste of whiskey and wine was prevented here today by the quick action and presence of mind of a score of pet snakes, which are among the attractions of Pete Pillson's cafe.

A stick of dynamite, which someone had placed on the stove to thaw out, exploded with great suddenness and vigor. The building was shaken to its foundations, and every vessel of wine and whiskey in the place was leaking copiously, when Pillson's snakes came to the rescue.

Wrapping themselves firmly about the barrels, they held the receptacles together until the liquor could be drawn off into new containers.

Then they went back to their cage, hissing in unison a great sight of relief. Pillson accounts for the action of his pets by the fact that they are hoop snakes.

## TO HUNT BIG GAME

THE FORMER PRESIDENT, THEODORE ROOSEVELT, IS TO HAVE A RIVAL.

### HE IS BROTHER OF KING EDWARD

Duke of Connaught and Duchess, Accompanied by Their Son and Daughter, Are to Make a Trip to East Africa.

Lon, Jan. 20.—Theodore Roosevelt will soon have a royal rival in the sport of slaying big game in East Africa, in the person of his royal highness Arthur William Patrick Albert, the Duke of Connaught, brother of King Edward.

The duke and duchess, accompanied by their son, Prince Arthur, and their daughter, Princess Patricia, and a party of a dozen others, left today on the steamer Admiral, which will take them from Marseilles to Cairo. Thence the royal party will proceed to Kilinini, the new port on Mombassa island, reaching that place about Feb. 9. The shooting expedition in the jungles of East Africa will cover about the same ground as that of former President Roosevelt.

The Princess Patricia has visited East Africa before, as has the duke. Rumor has it that one of the reasons for taking the princess on this trip is to give her opportunity to forget her love for a lowly Britisher of no title. The princess was born in 1883, while her brother, Prince Arthur Patrick, is a year older.

The Duke of Connaught is now on the shady side of 60, but is still active, both physically and mentally, and is said to be an expert shot and fond of hunting big game.

According to plans made, the party, upon arriving on the coast of British East Africa, will take a train for Nairobi, which town they will reach the following day.

After a day at Nairobi the duke's party will proceed to camp. It is the intention of both the duchess and Princess Patricia to accompany the duke during the whole of his expedition. They are expected to return to England about the middle of next May.

A large supply of books was taken and also collapsible tables for bridge and other games.

A well known expert in expeditions of this character estimates the expenses of the ducal party at \$25,000. He says:

"The attendance required for an ordinary shooting expedition would be about thirty-six in number, but this royal shoot can hardly be done with less than 100, because every thing in the equipment will be on a much larger scale than usual. There will be a greater and more expensive variety of foods carried, too, and more utensils and general accessories.

"People have little idea of what goes to the equipment of a shooting party. This is what goes to make up the caravan and its supplies for one 'gun,' as supplied by the chief firm who cater for big game shoots:

"One headman, one personal boy, one gun-bearer, two askaris, one cook, thirty porters.

"Even when you have your gun license you can not do as you like, as you are strictly limited to the number and character of beasts you may kill.

Don't drug the stomach, or stimulate the heart or kidneys. That is wrong. It is weak nerves that are crying out for help. Vitalize these weak inside controlling nerves with Dr. Shoop's Restorative, and see how quickly good health will come to you again. Test it and see! Sold by D. I. Wilcox.

**S.S.S. THE REMEDY FOR SORES AND ULCERS**

There is but one way to cure an old sore or chronic ulcer, and that is to remove the cause that produces and keeps it open. No matter where located, any sore that remains until it becomes chronic does so because it impure blood; the circulation constantly discharges its polluted matter into the place and it is impossible for nature to heal the sore. S.S.S. heals sores and ulcers by purifying the blood. It removes every trace of impurity from the circulation, and thus completely does away with the cause. No local application reaches below the infected flesh at the spot, and for this reason can have no curative effect on a sore or ulcer; while such treatment is being used alone, the germs and impurities are constantly increasing in the blood and the sore is bound to grow worse. When S.S.S. has cleansed the blood and enriched and purified the circulation the place begins to take on a more healthy appearance, the different symptoms show improvement, the flesh around the ulcer gets firm, new skin and tissues are formed, and aided by pure, rich blood, nature provides a perfect and lasting cure. Under the tonic and blood-purifying effects of S.S.S., the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be greatly benefited by its use. ## NEWS OF THE RAIL

**NOISY CARS KEEP COWS AWAKE  
AND CUT DOWN THE SUP-  
PLY OF MILK.**

## COACH, CAB AND CABOOSE ITEMS

**Matters of Interest Picked Up From  
Various Sources for the Benefit  
of Democrat-Sentinel  
Readers.**

The Aurora-Elgin & Chicago rail-  
road is up against a score of damage  
claims from the most unexpected and  
unusual quarter.

It is face to face with one of the  
most unique problems that ever con-  
fronted a railroad and may be com-  
pelled to ask the circuit court of Du-  
page county to solve it.

Dairy farmers who live along the  
third-rail system claim the operation  
of electric cars on stormy nights and  
the frequent blinding flashes of elec-  
tricity keep their cows awake and  
that as a consequence they give much  
less milk than usual.

It is the contention of the dairymen  
that the supply of milk in the section  
through which the third-rail line op-  
erates has been materially reduced.

## Missouri Pacific Earnings.

Missouri Pacific system earnings  
for the second week in January, re-  
ported yesterday, show a continued  
gain, the increase over the same pe-  
riod last year being \$100,000.

The increase in system earnings  
from July 1, 1909, to the second week  
in January, inclusive, over the same  
period of a year ago is now \$3,192,125.

At this rate, with the best earning  
portion of the fiscal year 1909-10 to  
come, it is estimated the system will  
show about \$8,000,000 increase in  
gross over the previous year.

Unless severe weather inter-  
feres with the present heavy move-  
ment in traffic the third quarter of  
the fiscal year, it is believed, will  
show in the yearly earnings report as  
the largest in the history of the com-  
pany.

This condition, in the face of the  
great amount of improvement work  
in the progress in the maintenance  
and construction departments, speaks  
volumes for the operating efficiency  
of the Missouri Pacific.

## Wreck on Missouri Pacific.

Ten cars of a Missouri Pacific  
freight train were derailed at Willis,  
Kan., yesterday.

The engineer, Charles Bender, and  
the fireman, J. Livingstone, both of  
Atchison, were injured by jumping  
from the engine.

## Automatic Couplers.

J. J. Blue, ex., a Missouri Pacific  
watchman, is laying off.

F. K. Tutt, of St. Louis, master me-  
chanic for the Missouri Pacific, was  
here today.

A. J. Alexander, superintendent of  
the Missouri Pacific, went to Kansas  
City Wednesday.

Dr. George E. McNeil, of the M.  
& T. hospital staff, made a brief  
visit at Ottumwa today.

Arthur Frakes, roadmaster for the  
Katy, made a business trip on the  
north end of the road today.

P. F. Sullivan, a Missouri Pacific  
conductor out of Pleasant Hill, was  
here today visiting his family.

H. K. Prouditt, of Kansas City,  
traveling passenger agent for the  
Union Pacific railway, is in the city  
today on company business.

B. H. Knapp, chief train dispatcher  
for the Missouri Pacific, returned this  
morning from Hudson, Mich., where  
he was called by the illness and  
death of his mother.

E. S. Neece, a Missouri Pacific  
shopman, who suffered a severe lac-  
eration of the knee some time ago,  
in consequence of which he has been  
in the company hospital in St. Louis,  
returned home last night.

## FIREBUGS BURN A JAIL

Prisoners in Structure Rescued With  
Great Difficulty.

Huntington, W. Va., Jan. 20.—The  
jail of Lincoln county, twenty miles  
from here, was burned by incendiar-  
ies early yesterday.

Prisoners in the jail were rescued  
after holes were battered in the  
brick walls of the cell rooms.

Two months ago to the day the  
Lincoln county court house was des-  
troyed by fire. It is believed incendiar-  
ies caused both fires.

## Every Mother

Is or should be worried when the lit-  
tle ones have a cough or cold. It  
may lead to croup or pleurisy or  
pneumonia—then to something more  
serious. Ballard's Horehound Syrup  
will cure the trouble at once and pre-  
vent any complication. Sold by W.  
E. Bard Drug Co.
